300921 DVD

Member: \$269.00 • Nonmember: \$325.00

Cardiac Medicine Certification (CMC) Review Courses

These 12-hour programs are designed for nurses preparing for the CMC exam. The clinical content is based on key components of the CMC test plan. Cardiovascular pathophysiology, dysrhythmia interpretation, hemodynamics, patient assessment and monitoring, and related patient problems are covered in depth. The teaching approach includes a focus on physiological understanding of the cardiovascular and other body systems with an emphasis on critical thinking and clinical application. In addition to certification preparation, an emphasis is placed on linking knowledge to current clinical practice. Includes syllabus and 12.0 contact hours of CE credit. 2007.

300916 DVD

Member: \$155.00 • Nonmember: \$185.00

300917 CD-ROM

Member: \$145.00 • Nonmember: \$165.00

Cardiac Surgery Certification (CSC) Review Courses

These courses were developed to assist the learner in reviewing and studying for the CSC exam. The content is based on the CSC test plan and is presented in three lessons. Includes syllabus and 12 hours of CE credit. 2008.
