

## PCCN Certification Review

Enhance nursing knowledge in progressive care and prepare for the PCCN certification exam with AACN's expert-led, exam-aligned review course featuring flexible learning, practice questions and test-taking strategies to help you succeed.

*Prepares nurses  
with targeted  
content and  
strategies for  
PCCN exam success*

### Who Will Benefit From Taking This Course?

Nurses providing direct care to acutely ill adult patients who are moderately stable with an elevated risk for instability and nurses influencing patient outcomes through clinical expertise and decision-making, preparing for the PCCN exam.

### Purchase Options

- Hospital and Institutional Pricing (with optional Free 14-Day Trial)
- Self-Study Purchase for Individuals

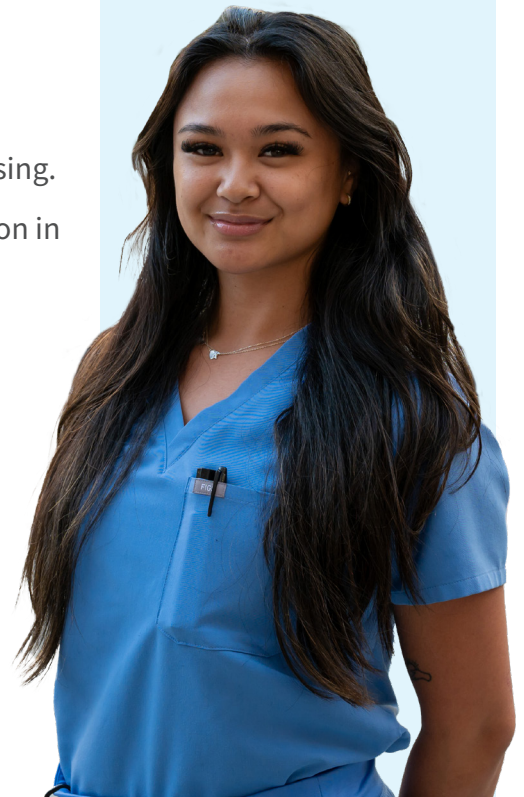

### Course Learning Objectives

- 1 Validate** and expand learners' knowledge of progressive care nursing.
- 2 Outline** the pathophysiology of single and multisystem dysfunction in adult patients and the medical and pharmacologic management of each.
- 3 Identify** the progressive care nursing management needs for adult patients with single or multisystem organ abnormalities.

The American Association of Critical-Care Nurses is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

Provider approved by the California Board of Registered Nursing, Provider Number CEP 1036, for 14.0 contact hours, CERP A.

Accreditation refers to recognition of continuing education only and does not imply AACN, ANCC or CBRN approval or endorsement of any commercial products discussed or displayed in conjunction with this educational activity.
