

Fundamental Skills for Preceptors

An online course that provides essential skills needed to function successfully in the vital role of preceptor, ensuring the holistic onboarding of new staff, transition to independent practice, and safe patient care

Who Will Benefit From Taking This Course?

Nurses in all areas of patient care who are responsible for the integration of new and transitioning staff to independent practice

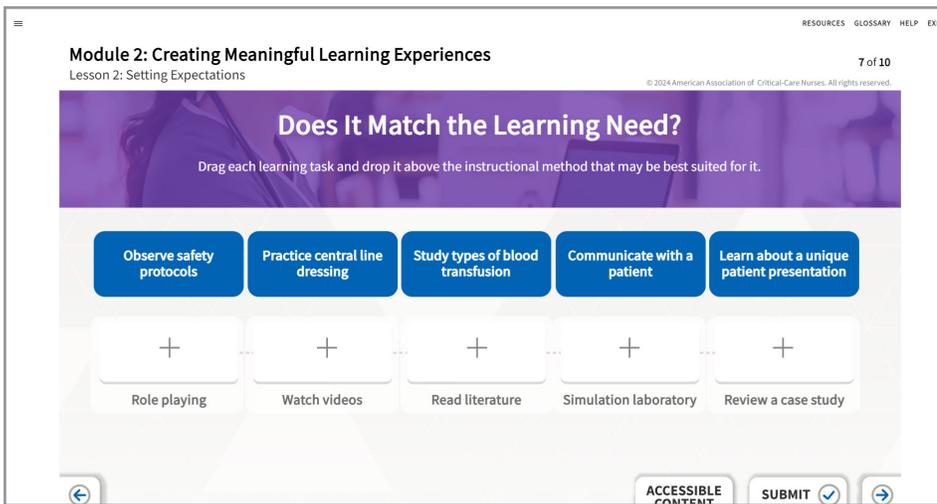

Purchase Options

- Hospital and Institutional Packages
- Individual Purchase

Course Learning Objectives

- 1 Develop** strategies and resources to acclimate orientees to the beginning phases of orientation.
- 2 Create** impactful learning opportunities during orientation.
- 3 Develop** skills to provide feedback in a supportive manner.
- 4 Identify** strategies to support orientees in stressful situations to help ensure preceptor/orientee emotional well-being.
- 5 Examine** criteria that will help evaluate when an orientee is ready to exit orientation.

Technical Course Features and Benefits

- Accessible online, anywhere and at any time
- Course content is reviewed and updated at regular intervals to ensure the latest information and practices are provided
- Learner engagement and knowledge retention are increased through interactive media, visuals and practice activities
- Real-life case scenarios facilitate transfer of knowledge to the clinical setting
- Educators are provided with lesson-level tracking, which provides greater flexibility in assigning and tracking content completion (Hospital and Institutional Packages Only)

Course Features

Developed, reviewed and tested by progressive and critical care nursing experts in collaboration with AACN, “Fundamental Skills for Preceptors” features:

- **Realistic preceptor/orientee scenarios** — Empowers learners to employ theory-based precepting practice in real-world situations
- **Standard-setting content** — Fills the gap in available preceptor education, teaching the full scope of responsibilities from psychological safety and assessment to supportive feedback and evaluation
- **Practical application** — Analyzes methods to assess and teach critical thinking skills using evidence-based research, current protocols and hospital standards
- **Proven effectiveness** — Draws on best practices to teach communications with key stakeholders of a preceptorship, such as the orientee and the nurse manager and/or the nurse educator
- **Relatable demonstrations** — Leverages high-quality videos to reinforce learning and provide visual examples of precepting skills
- **Continuing education (CE) hours** — Provider approved by the California Board of Registered Nursing, Provider number CEP 1036, for up to 6.75 contact hours
