Susquehanna Valley Chapter

President's Award for Chapters

AACN's theme, On Purpose, is the Susquehanna Valley Chapter's guiding inspiration. Our mission and vision symbolize our commitment and play a key role in providing educational opportunities, promoting certification, encouraging Beacon Award recognition, and promoting healthy work environment standards. The theme helped our team develop our yearly strategic plan to meet the needs of our members and the community. We incorporated the theme into our yearly goals and objectives, monthly meeting agendas, educational offerings, meaningful recognition and selection of community service initiatives. The theme has encouraged us to be intentional and inspire our chapter members to meet the challenges of today's healthcare environment with determination and guidance to foster a strong foundation for the future of nursing excellence, continuation of our mission and advancing our vision going forward.
